

# LINKVOTE+ MOBILE VOTING

# THE LINKVOTE+ MOBILE APP

LinkVote+ is Link Market Services' mobile voting app which replaces paper voting cards at physical meetings.

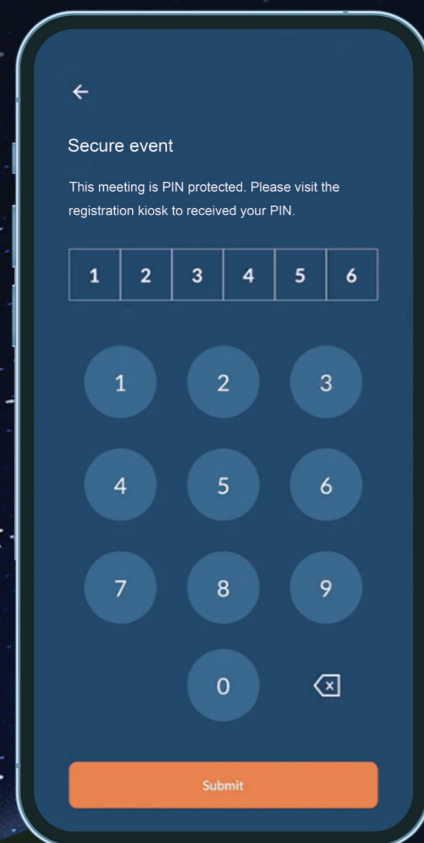

1

Prior to the meeting, download LinkVote+ from [Google Play](#) or the [Apple App Store](#).

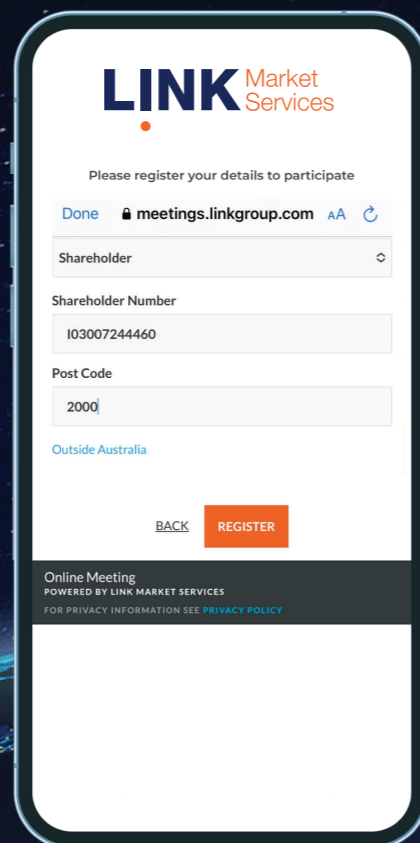

2

When you arrive at the meeting, locate the registration desk to obtain your six digit pin code and enter it in to the app. This will register the voting holder.

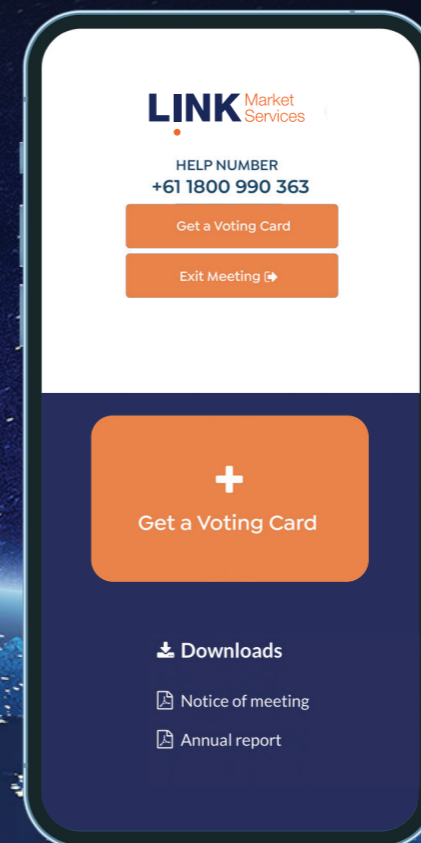

3

You will then be able to enter the meeting and register your full attendance details by validating yourself as a shareholder.

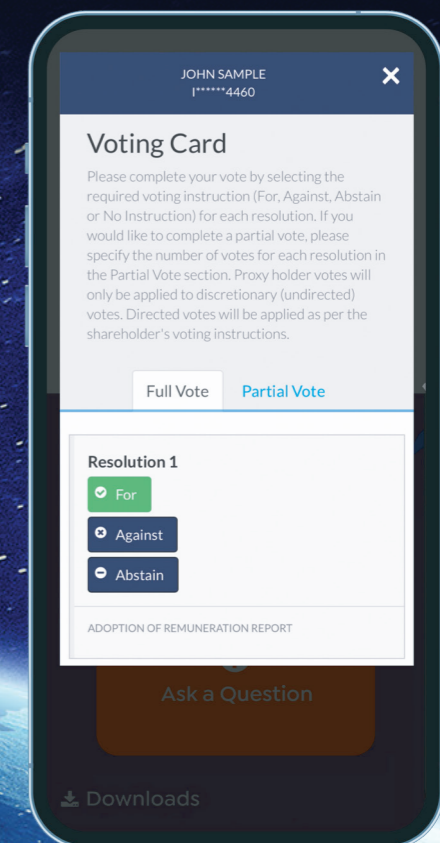

4

If you have additional holdings, choose "Get Another Voting Card" and provide your HIN or SRN to access the additional holding.

5

Once registered, you can vote. You can vote anytime during the meeting by completing the voting card and casting your vote.
